

SUCCESS ON FORM A

Chane Beam, St. Petersburg High School, St. Petersburg, FL uses stickers to reward his high school Juniors for success on Form A of each unit's parallel assessments. Even though the students are sixteen or seventeen years old, they love the stickers. This has a dual impact. First, it positively influences the students' Success Key. Second, it motivates the students to perform well on Form A which reduces the number of Form B's that the teacher has to grade.

Notice the different fonts. This allows students a choice, thus promoting the Freedom and Independence Key.
