

GETTING TO KNOW YOU - FINDING COMMON GROUND

Directions:

1. Divide into groups of three.
2. In 5 minutes, find distinctive things that the three of you have in common or ways you are different in the categories given.
3. Use as many of these categories as you can

family	holidays	sports	vehicles	school
hobbies	talents	recreation	music	food
clothes	TV	movies	job	sports teams
books	heroes	you choose	embarrassing moments	
4. Write your findings on a flip chart paper. Some groups like to use a triple Venn diagram; others use a more random listing.
