

Wilson Class Log

- Music on → voices on
Music off → voices off
- "I need your help" means I need your quiet attention
- At the bell, you should be starting your daily warm up.
- A composition or spiral notebook is needed for science.
- You can choose your seat as long as you take care of business + each other!
- NY means Not Yet - it doesn't mean you've failed, it means more time + practice.
- Warm ups are 3 minutes of hard work - even if you don't finish.
- Visit the Double Check stations for examples.
- A triple beam balance is a metric tool that measures mass of a solid in grams.
- Atoms are the smallest "pieces" of matter.
